

Integration Developer -.NET, Sydney

Technology is literally changing the world around us and yes, some people tend to focus on why that change is bad – it makes us uncomfortable, it breaks our status quo, it feeds our uncertainty – but at Orchard we choose to see it differently. Technology can make lives better. It can make businesses better, brands better and experiences better. It can be the change we want to see in the world.

Which is why we, at Orchard, rally around a single purpose: to *invent better outcomes* through creativity and technology. Those better outcomes can only exist in the context of people irrespective of if we label them users, customers, patients, clients or even staff.

- Join a dynamic and growing creative technology agency
- Based in Pymont, Sydney and New York
- Working with blue chip brands to disrupt industries

The Opportunity

We're on the lookout for an Integration Developer to join our Sydney team. You'll be responsible for integrating HTML templates, developing .NET components & services for bespoke and CMS driven web based applications. You'll be an expert in implementing content management, application functionality and integration requirements while working within an agile development process.

Working closely with the delivery team and applying industry best practices, you will ensure that all code developed is well architected, clean, consistent, and accurate ensuring that implementation meets in the definition of done.

Essential Skills:

- 3+ years development of building public facing commercial .NET applications
- A champion of good coding standards and design principles
- Solid ASP.NET C# MVC5 & WebAPI
- Atlassian suite: JIRA, Confluence, Bamboo and BitBucket
- MS SQL Server
- Entity Framework and IoC such as Autofac or StructureMap
- Git
- Unit testing and mocking frameworks such as Moq

Desirable Skills:

- Digital marketing agency experience
- Development of CMS-driven web applications preferable Umbraco, EPiServer or Kentico
- Experience of e-commerce application development
- DevOps
- Angular, React or Vue and HTML5/CSS3/JavaScript

If you feel like this is the right job for you then please email your CV (do people still have CVs?) or LinkedIn profile to hello@orchard.com.au and we will arrange a soy latte for a chat.

A little about Orchard

We are an independent creative agency who fuse art and technology to invent better outcomes for business and brands. We work with a number of leading client brands such as Electrolux, Hyundai, Asaleo, Taubmans, BT and Zoetis to name a few.

Invent Better are two little words that define our big approach. It's a belief that creative technology solutions are the key to winning in today's digital age, and it's a formula that challenges us to engage with our clients in a way that encourages us all to push that little bit further every time.

It's this passion and approach that made us one of Australia's largest independent marketing agencies.

Sydney | New York

Invent Better – make a difference

Please respect our desire to advertise our roles direct to market. We will no longer accept marketing calls to enquire about our positions, unsolicited CV's, forwarded profiles from LinkedIn or Facebook and reverse marketing of candidates to our HR/line managers.
